The Salman Rushdie Episode:

**ANGRY MUSLIM MASSES WILL
TURN AGAINST THEIR LEADERS
FOR HIDING MIRACLE OF QURAN**

**GOD WILL FORCE THE LEADERS
TO PROCLAIM HIS GREAT
MATHEMATICAL MIRACLE**

A recent wave of attacks against the Quran throughout the West represents the first sign of a divine plan to force Muslim leaders to acknowledge God's 19-BASED MATHEMATICAL Miracle of the Quran.

The miracle is the perfect answer—it provides the world with physical irrefutable evidence that the Quran is indeed God's message to the world.

The Quran's awesome and incontrovertible mathematical miracle has been intensifying during the last few years. But the Muslim leaders have adamantly refused to tell their followers about it. Apparently, they are afraid that they may lose their precious leadership. Thus, they are sacrificing their own personal happiness now and forever, in order to maintain their flimsy and temporary leadership.

At the same time, it is God's will to expose the fake Muslims. They are people who think, indeed believe firmly, that they are Muslims. The Quran describes them in 18:103 as "the worst losers."

They have been trapped in Satan's web of lies attributed to the Prophet Muhammad and called Hadith & Sunna. Now, they are defending Satan's lies to the death.

We all know full well that the Quran is God's truth; that it came to us through the Prophet's mouth. As proven incontrovertibly on Page 3, this fact is now supported by physical evidence before which the world will have to bow.

God has already decreed that such evidence will keep intensifying until the whole world sees the truthfulness of the Quran (41:53). Therefore, the Muslim leaders are working very hard against God. And we know the inevitable outcome, don't we?

The Muslim leaders had better proclaim the truth, otherwise the truth will come back to haunt them. Their followers will hold them responsible and will ask God to double the retribution for them. "Our Lord, we have listened to our masters and leaders, but they led us astray. Our Lord, double the retribution for them and curse them." (33:67)

Khurram Murad, Not Salman Rushdie Blasphemes God and Muhammad

God Describes Quran as "Karim", "Azeem", "Majid"

Khurram Describes Quran as: "Empty Words"!!!

(Islamic Horizons, Dec. '88, Page 37)

Fake Muslims Happy With Murad Since he Blasphemes God, While Praising Muhammad Against His Will

"If we reveal this Quran to a mountain, you will see it tremble, crumble, out of reverence for God." (59:21)

This is what a mountain would do if exposed to the word of Almighty God. But Khurram Murad has proven that his heart is much harder than the mountain. He counters the Almighty's description of the Quran as "Azeem = Great" (15:87), "Majid = Glorious" (50:1 & 85:21), and "Honorable = Karim" (56:77) by stating that the Quran, without the alleged Sunna of Muhammad, is "Empty words"!!!

You de-link the Book given by Allah from the life-example of the Prophet who brought it, and you will be left with empty words.

Photocopy of Khurram Murad's blasphemy

In 17:9, God informs us that: "This Quran guides to the best path, and delivers good news to the believers."

And 17:45 informs us that the disbelievers are blocked out by an invisible barrier.

Moreover, the Quran repeats that the "Sole mission of the Prophet was to deliver the Quran" (3:20, 5:99, 13:40, 16:35, 16:82, 24:54, 29:18, 36:17, 42:48, 64:12). Specifically, the Prophet was forbidden in 75:16-19 from explaining the Quran, and we learn from 55:1-2 that God is the only explainer of the Quran.

While the world knows that Rushdie's writing are fictitious, here is a Muslim leader proclaiming that the Quran is "Empty words!!!" How will he face God on the Day of Judgment? Please read 19:69 to find out the fate of Khurram Murad and his likes.

Another Gross Blasphemy:

"Kill All Christians & Jews"!!

(Shaikh Muhammad Ass-Saleh al Uthman, Riyadh, Saudi Arabia)

Satan has surely gotten hold of those who claim to be Muslims, and has proven to them and to the whole world that their religion has nothing to do with the Islam preached by Muhammad.

The Quran teaches clearly in 2:62, 5:69, & 60:8 that the Jews and Christians who (1) believe in God, (2) believe in the Hereafter, and (3) lead a righteous life, are believers who will go to heaven. Yet, we read in a book entitled "The Muslim's Belief" by Shaikh Muhammad Ass-

Saleh al Uthman and translated by Dr. Maneh Hammad Al-Johani, Secretary General of the World Assembly of Muslim Youth, Riyadh, Saudi Arabia, that we must kill the Christians and Jews who refuse to embrace Islam!!!

Obviously, this man never read Quran 2:256: "No compulsion in religion." He never read in 18:29: "Proclaim: 'This is the truth from your Lord,' then whoever wills let him believe, and whoever wills let him disbelieve."

On Page 22 of his book, Shaikh Ass-Saleh states that: "It is our opinion that whoever claims the acceptability of any existing religion today—other than Islam—such as Judaism, Christianity, and so forth, is a non-believer. He should be asked to repent. If he does not he must be killed as an apostate!!!!!!!"

Are there any Muslims, true Muslims, out there who can stand up for the Quran?

NEW OVERWHELMING MIRACLES

[1] Write down the numbers of all the verses in the Quran, next to one another. The numbers for Sura 1 look like this: 1234567, since it consists of 7 verses.

[2] Now write down the total number of verses in Sura 1. Thus, the number representing Sura 1 will look like this: 12345677.

[3] Sura 2 consists of 286 verses. Write down the verse numbers of this sura, next to each other, followed by the total number of verses. The number representing Sura 2, therefore, will look like this: 1234.....286286.

[4] The number representing the first 2 suras will look like this: 123456771234.....286286.

[5] The number representing the whole Quran looks like this: 123456771234.....286286.....1234566.

[6] Place the total number of verses in the Quran, 6234, at the end of the long number shown above. The final number will consist of 12696 digits and will look like this:

First No: 123456771234.....2862861234.....12345666234.

This long number, which encompasses all the verses of the Quran and the totals of the verses in each sura, and the grand total of all verses in the Quran, is a multiple of 19.

[7] Instead of putting the total number of verses in each sura at the END of each sura, let us put it AHEAD of each sura. Thus, the number representing Sura 1 will look like this: 71234567, instead of 12345677.

[8] The number representing Sura 2 will look like this: 2861234.....286, instead of 1234.....286286.

[9] Follow this same system with all the suras of the Quran. The number representing the last sura will look like this: 6123456, instead of 1234566. The complete number consists of 12692 digits, 19×668 , and looks like this:

Second No: 712345672861234...2861234.....6123456. Multiple of 19.

[10] Look at the "First No." Add the number of each sura AHEAD of the total number of verses. Thus the number representing Sura 1 will now look like this: 123456717, instead of 12345677.

[11] Do this for all suras of the Quran. The final number looks like this:

Third No: 1234567171234.....28622861234.....1234561146

This very long number (12930 digits) now includes the sura numbers and is also a multiple of 19.

[12] Look at the "Second No." Place the number of each sura at the END of the sura's verse numbers. Thus, the number representing Sura 1 will look like this: 712345671.

[13] Do this for all the suras in the Quran, followed by the total number of verses in the Quran. The final complete number, consisting of 12930 digits, is also a multiple of 19 and looks like this:

Fourth No: 7123456712861234.....2862.....61234561146234.

[14] Write the sum of verse numbers in the Quran ($1+2+3+\dots+n = 333410$), then the total number of verses, 6234, then the number of suras, 114, followed by each sura number, followed by its number of verses :

Fifth No: 3334106234114172286.....1146. (A multiple of 19)

[15] Take the Fifth No. & reverse the numbers of suras and verse numbers. Thus, instead of representing the first sura with 17, it will be represented by 71, while the last sura will be represented by 6114 instead of 1146. Do this for every sura.

Sixth No: 3334106234114712862.....6114. (A multiple of 19)

[16] Write down the total number of verses in the Quran, 6234, followed by the number of verses in Sura 1, followed by the number of verses in Sura 2, and so on until the last sura in the Quran, the final complete number (235 digits) is a multiple of 19:

Seventh No: 62347286200176.....127.....635456

(Total # of verses)(Suras 1, 2, 3, & 4) (Sura 9) (Last 6 suras)
